JKKIH, Jahangirnagar University, Savar 
01884173052, 01709618857 

I am currently a 3rd year student at Institute of Information Technology, Jahangirnagar University. I am a tech enthusiastic guy. Always ready to learn new things and take new experiences. I am committed to continuous growth and contributing effectively to projects and teams.

Experience

Currently working on “**Gudam**,” a project under the ICT Division, contributing to system development and implementation

Personal/Academic Projects

- **Personal Blog Website** — Developed a blog platform using Fastapi and Supabase, implementing CRUD operations, user authentication, and responsive UI for content sharing and management.
- **Expense Tracker Application** — Built a Python-based expense tracker using FastAPI and SQLite to track daily expenses, generate reports, and improve backend development skills.
- **Ember**- AI based mental Health Companion- built a full stack AI-powered mental health support platform using React, FastAPI, Supabase and Hugging Face. *Live Demo*: <https://ember-mentalhealth-companion.netlify.app/>
- **Onkur** — Personal plant-care app using React and FastAPI; features plant management, AI-driven daily care routines, weather-based recommendations, and image-based plant health diagnostics. *Live Demo*: <https://onkur.netlify.app/>

Campus Activities

- Organized a workshop titled “**Code Your Career**” at IIT, Jahangirnagar University, coordinating event planning, content preparation, and participant engagement to enhance students’ coding skills and career awareness.

Other Activities

- **International Computer Science Competition** — Preliminary Level (Passed)
- **AgentX Prompt Engineering Competition** — Completed (8th place)
- **Technovation 25 Hackathon**- Finalist

Skills

Soft skill: Strong problem-solving ability | Critical thinking | Quick learner | Adaptability | Team collaboration

Technical Skill: Programming languages: *python, c++, html, css* | **Framework:** *Django, Fastapi, React* | Github |

Database: *PostgreSQL, MySQL* | **Tools:** *Postman, Thunderclient, Supabase*

Education

Institute of Information Technology, Jahangirnagar University

Bachelor of Science (B.Sc.) in Information and Communication Technology

Current Year: Third Year
